

Grammar Posters

LANGUAGE ARTS CLASSROOM

GRAMMAR FREEBIE NINE

PURPOSE:

Meaningful decor: A learning environment that reinforces material and engages students is a wish of most ELA teachers.

When students contribute to decorating their classroom, community buy-in increases. Students can showcase their learning, and their teacher doesn't have to design bulletin boards.

IDEAS FOR IMPLEMENTATION:

Provide students with the coloring sheets. Students can use the sheets simply as coloring to reinforce the types of pronouns, or students can use the sheets as notes. Hang in your room or on a board.

The parts of speech poster works well as a reminder year-round. Whatever grammar topic you cover, you can discuss the idea that grammar is a tool for improving writing.
